Dear Mary Ann:

Brush Wellman would like to offer to the division two photographs of our mine for display purposes. This is in appreciation for the positive working relationship that the company and the division have enjoyed over the years. Tom Munson, our permit supervisor, mentioned that you may have wall space to exhibit these pictures in your offices.

The landscape oriented picture is of the Blue Chalk North #2 Open Pit. The portrait oriented picture is of the Monitor #3 Open Pit. These mines were opened as a pair during 1996 and 1997.

Thank you for all your help in our reclamation efforts.

Sincerely,

*Greg Hawkins*
